Summary

Hey, I am a Machine Learning Researcher and B.Tech CSE student building AI-powered automation systems and scalable full-stack applications. I specialize in transforming ideas into real-world solutions through machine learning and intelligent systems, with strong experience in developing impactful projects across healthcare, automation, and data-driven applications.

Experience

Machine Learning Engineer	Mar 2025 – Present
- Built gesture-controlled desktop system (Computer Vision) - Developed ML models using Random Forest, XGBoost	
Automation Developer	2024 – Present
- Built AI voice assistants and automation workflows - Integrated APIs for real-time intelligent systems	
Full-Stack Developer	2023 – Present
- Developed apps using React, Next.js, Firebase - Built REST APIs and backend systems	

Projects

- NeuroWatch** – AI mental wellness tracking (mood, sentiment, behavior)
- Vision** – Gesture-based desktop control system
- October AI** – Voice automation assistant
- Satyapatra AI** – NLP spam detection system
- Investment Platform** – Portfolio analytics app
- CareerForgePro** – Productivity & skill tracker
- AaharSetu** – Food redistribution platform
- Aarogya** – Hospital management system

Skills

- Programming:** Python (C++, JavaScript, Java)
- Frontend:** React.js, Next.js, TypeScript, Tailwind CSS
- Backend:** Node.js, Express.js, REST APIs, API Integration
- Machine Learning:** Decision Tree, Random Forest, XGBoost, LightGBM, SVM
- Deep Learning:** CNN, RNN, LSTM, Transformers, YOLOv8, U-Net, ResNet50, DeepLabV3+
- Frameworks:** PyTorch, TensorFlow, Keras, Scikit-learn, OpenCV
- Databases:** MySQL, PostgreSQL, MongoDB, Firebase Firestore
- Tools:** Git, GitHub, Postman, VS Code, Vercel, Firebase
- Domains:** Computer Vision, NLP, Predictive Analytics, Time Series, Automation

Achievements

- 1st Prize – RISE 2026
- 1st Prize – 4th International Conference on Environmental Sustainability & Technology (ICEST 2026)
- 1st Prize – IEEE YESIST12 2026 (Prelims)
- Winner – HackVerse 2026
- 1st Prize – Ideathon 2026
- 1st Prize – Business Pitch 2026
- 1st Prize – Anveshan 2025
- 1st Prize – Smart Hackathon (Internal) 2025
- 3rd Prize – Srijanotsav 2026
- Academic Excellence – CGPA: 9.17/10
- Qualified – India Innovates 2026 (Bharat Mandapam, New Delhi)

Education

B.Tech, Computer Science Engineering	Present
Amity University, Madhya Pradesh	
Senior Secondary (Class XII)	2024
Central Academy School, Gwalior	

Professional Statement

Focused on building intelligent systems that create real-world impact. Demonstrated ability to design, develop, and deploy AI-driven solutions across multiple domains, with consistent performance in competitive and research environments.
